Non-examination assessment (NEA policy)

Policy Name	Non examination assessment (NEA Policy)
Status	Ratified by Governors
Date	March 2024
Created by	Exams Officer
Authorised by	Assistant Headteacher
Created on	March 2024
Statutory, regulatory and/or contractual considerations	JCQ

What does this policy affect?

Ringwood School fully recognises its responsibilities in conducting all aspects of external examinations in full compliance of the latest JCQ regulations. The planning and management of exams and non examination assessment (NEA) are conducted efficiently and in the best interest of candidates to ensure the operation of an efficient examination system with clear guidelines for all relevant staff.

This policy affects the delivery of subjects of GCE and GCSE, which contain a component(s) of non-examination assessment.

The regulators' definition of an examination is very narrow. In effect, any type of assessment that is not: • set by an awarding body; • designed to be taken simultaneously by all relevant candidates at a time determined by the awarding body; and • taken under conditions specified by the awarding body (including conditions relating to the supervision of candidates during the assessment and the duration of the assessment) is classified as non-examination assessment (NEA).

Non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers. There are three assessment stages and rules which apply to each stage. These rules often vary across subjects. The stages are: • task setting; • task taking; • task marking

This publication is further referred to in this policy as NEA **2023/2024**

PURPOSE

The purpose of this policy, as defined by JCQ, is to

- *cover procedures for planning and managing non-examination assessments*
- *define staff roles and responsibilities with respect to non-examination assessments*
- *manage risks associated with non-examination assessments*

What are non-examination assessments?

“Non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers. There are three assessment stages and rules which apply to each stage. These rules often vary across subjects. The stages are:

- *task setting;*
- *task taking;*
- *task marking.”*
