University Applicants

If you have not achieved the entry requirements:-

- Depending on the grades the university might still accept them.
- They might be offered a place with their insurance offer.
- Your child might be offered an alternative course by the university/college - a *Changed Course Offer*, this needs to be seriously considered, is this something they really want to do?
- If there isn't a place available at the university of their choice, search [UCAS Clearing](#) to find out about spaces available.
- They can look at HE courses at Brockenhurst, Bournemouth & Poole College or Wiltshire College
- They might want to think about alternative options –open university, gap year, work or an apprenticeship - either instead of higher education, or before reapplying for next year.

If you are planning to enter employment or an apprenticeship

If you have already received an offer of employment or an apprenticeship, please confirm this place once you have received your results, especially if the offer was made with specific grade requirements.

We wish you the best of luck in the future - please stay in touch and let us know how you get on!
